Smart Bello

I'm a web developer and graphic designer with over 2-years of experience working remote and onsite. Have a keen eye for design and appreciate the importance of a clean and beautiful user interface that engages the user and gives them the best experience.

SKILLS/TECHNOLOGIES

HTML, CSS, SCSS, JAVASCRIPT, REACTJS, REDUX, NODEJS, Restful API, Firebase, CorelDraw, Adobe Photoshop, Adobe Illustrator, Third party libraries, Problem solving, Self-management, Teamwork

EXPERIENCE

Web Developer
Keystone Bank PLC
11/2021 - Present   *Lagos, Nigeria*
Keystone bank is a financial institution here in Nigeria.
Achievements/Tasks

- Working on the customer application portal for mobile. Also converting some cross platform applications to native iOS Applications.

Graphic Designer
KudiGo Inc
08/21 - 10/2021   *Ghana*
KudiGo is a consumer retail software firm that offers data oriented solutions for the African Market.
Achievements/Tasks

- Was involved in the development of the KudiGo StoreFront Application for the iOS platform using the SwiftUI framework.
- Designed the Onboarding workflow.
- Designed the verification mode screen where the user can choose to receive verification OTP via SMS or Whatsapp.
- Created the Terms and Condition page using HTMLView.
- Refactored the duplicated network service into a generic network manager thereby writing fewer code.

● Designed the homepage/dashboard and its child views.

Brand Designer

Decagon Digital Institute
12/2020 - 07/2021
Lagos, Nigeria
Decagon is a Software Engineering institute that trains individuals to become world class developers. It also offers software engineering services to clients.
Achievements/Tasks

● Worked on a Food Delivery App, Foodly using Firebase as the database.
● Worked on a Fintech Application, Closed Circuit.
● Refactored the duplicated network service into a generic network manager thereby writing fewer code.
● Implemented the authentication feature of the App which includes the password recovery feature.
● Designed the Cart page whereby users can add items to the cart, remove items and apply promo codes to get discounts and tax deductions as well.
● Built an iOS App that displays news using the SwiftUI framework. **iOS Developer Intern** *Serve*

Consulting.

02/2020- 06/2020
Lagos, Nigeria
Serve Consulting is a leading SAP service provider in Nigeria. Clannit is a community app that connects like-minded people. It provides a marketplace for people to buy and sell their goods, find common interests, and access control the community. Clannit is also a residential community that offers alarm systems, and we have a collection of smart devices to make your home easier to manage.
Achievements/Tasks

● Was part of the core development team and I specifically worked on the alarm feature. When the alarm button is pressed, everyone in the clan receives a notification with sound and vibration and there are different alarms for different situations.

PROJECTS
